

Annual Procurement Activity Plan 2022 -2023

NCN Health is looking to develop long term partnerships with suppliers that are adaptable and innovative, who take accountability, and who can help deliver real and lasting value. To effectively and efficiently procure goods and services across the organisation to obtain the best value for money and economies of scale, NCN Health's procurement activity plan is aligned to its priorities and strategic plan.

NCN Health has developed a Social Procurement Strategy to ensure that we consider the social impact of our procurement decisions. We will look to work closely with suppliers who have, or are willing to adopt and maintain, fair, inclusive and sustainable business practices that align with the objectives of our Social Procurement Strategy. When sourcing goods and services from the market, NCN Health is committed to open, fair, and transparent sourcing processes.

This annual Procurement Activity Plan provides a summary of the major procurement activities in the non-salary area of organisational expenditure and provides potential suppliers advance knowledge of the likely procurements in this financial year. The annual Procurement Activity Plan will be reviewed and updated as required, based on the best information available at the time of publication.
